

Master Fachish-

I am pleased to inform you that things move apace. The boy has indeed proven himself in the Test. Continue your supplications to Yan-L-Bin so that the Great Prince might join us in our adoration of the Dark Father. Be assured that the doomsdayers take a keen interest in your actions. Great things await you.

I have further good news. Tessimon has eliminated the intruders which had foiled her at the Fire Temple. I am returning the two lesser Theys of Air which were captured. You may freely use the Air Bridge again but remain on your guard and report anything suspicious to me at once. The plan is at a fragile point.

Know that the time is drawing near when the Faithful shall be rewarded and the Infidel's will meet their just punishment. Stand steadfast and vigilant Brother Fachish and glory shall be yours.
